Life is a

Following societies
invisible rules
without question
using dem adaptive

beliefs

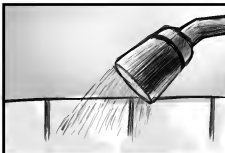

Di few who
go gainst the
programming

rough

People look pan
dem a way like
dem crazy or
dangerous

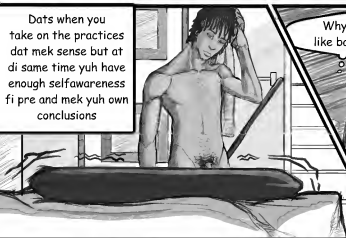

Me nuh

life

Personally
me believe seh
the best life is
someweh inbetween

Dats when you
take on the practices
dat mek sense but at
di same time yuh have
enough selfawareness
fi pre and mek yuh own
conclusions

Why dis feel
like bad news so
